colori in orbita attorno alla materia ne esaltano la veridicità

Colours in orbit around materials enhancing their veracity
Les couleurs en orbite autour de la matière exaltent sa véracité
Farben im Orbit um die Materie unterstreichen die Wahrhaftigkeit

Un'estetica forte e stonalizzata in cui forma e struttura si fondono a grafismi realistici che evocano le venature originali delle pietre d'ispirazione. Materia e colore si incontrano in spazi residenziali e pubblici per accendere superfici e arredi dal design ricercato che parlano un linguaggio stratificato ed eclettico. Cinque tonalità calde, con finitura naturale, spessore 6,5 mm e 10 mm, si offrono per rivestimenti a parete e a pavimento, con l'aggiunta di superfici per l'outdoor disponibili anche nello spessore 2 cm che estendono la progettazione verso nuovi confini in&out.

A strong and shaded aesthetic in which form and structure merge with realistic graphics that evoke the original veins of the inspiring stones. Material and colour meet in residential and public spaces to light surfaces and furnishings with a sophisticated design that speak a layered and eclectic language. Five warm shades with a natural finish, thickness of 6.5 mm and 10 mm, for covering walls and floors, with the addition of outdoor surfaces also available in thickness of 2 cm, which extend the frontiers of indoor&outdoor architectural design.

Une esthétique forte et nuancée dans laquelle la forme et la structure se fondent avec des graphismes réalistes qui évoquent les veines originales des pierres d'inspiration. La matière et la couleur se rencontrent dans les espaces résidentiels et publics pour illuminer les surfaces et l'ameublement au design raffiné qui parlent un langage stratifié et éclectique. Cinq tonalités chaudes, avec finition naturelle, de 6,5 mm et 10 mm d'épaisseur, se proposent de recouvrir les murs et les sols avec, en plus, des surfaces pour extérieur disponibles en 2 cm d'épaisseur qui prolongent le projet vers de nouvelles frontières in&out.

Eine starke und kontrastreiche Ästhetik, bei der Form und Struktur zu realistischen grafischen Gestaltungen verschmelzen, die an die ursprünglichen Aderungen der Steine erinnern, die als Inspiration dienen. Materie und Farbe treffen in Wohn- und öffentlichen Räumlichkeiten aufeinander, um Oberflächen und Einrichtung mit einem auserlesenen Design zum Leben zu bringen, die eine eklektischen Sprache mit vielen Schichten sprechen. Fünf warme Farbtöne, eine natürliche Oberfläche und die Stärken 6,5 mm und 10 mm bieten sich für Wand- und Bodenbeläge an. Hinzu kommen die Outdoor-Versionen, die auch in Stärke 2 cm erhältlich sind und neue Möglichkeiten für In&Out-Konzepte eröffnen.

3 PLANETO

la raffinatezza come sintesi della semplicità

Sophistication is the ultimate simplicity
La sophistication est la simplicité suprême
Raffinesse ist die ultimative einfachheit

Memories of the past, reinterpreted with a contemporary slant, provide an elegant, original design with timeless appeal. The fascinating and diverse morphology of the celestial bodies lends inspiration to Planeto, the new collection in stone-effect stoneware, rich in strongly contrasting forms and colours, for rooms featuring tiling of extraordinary beauty in inventive uses. The collection that reflects a new idea of style envisaging elegant, sophisticated décor.

Des réminiscences du passé, revues dans un style contemporain, interprétent avec élégance et originalité un design au charme hors du temps. La morphologie suggestive et variée des corps célestes a inspiré Planeto, la nouvelle collection en grès avec un effet pierre, riche en formats et en chromatismes aux contrastes nets, pour des espaces qui accueillent des surfaces d'une extraordinaire beauté et qui en explorent les applications possibles, selon une nouvelle idée de style qui contient un décor élégant et sophistiqué.

Erinnerungen der Vergangenheit, in moderner Form neu ausgelegt, interpretieren mit Eleganz und Originalität ein Design mit einem zeitlosen Reiz. Die eindrucksvolle und vielfältige Morphologie der Himmelskörper ist die Inspiration für Planeto, die neue Kollektion aus Steinzeug mit einem an Formaten und Farben mit starken Kontrasten reichen Steineffekt für Räume, die Oberflächen von außergewöhnlicher Schönheit umschließen und deren mögliche Anwendungen nach einer neuen Idee von Stil untersuchen, die ein elegantes und raffiniertes Dekor umfasst.

Reminiscenze del passato, rilette in chiave contemporanea, interpretano con eleganza e originalità un design dal fascino senza tempo. La suggestiva e variegata morfologia dei corpi celesti è d'ispirazione a Planeto, la nuova collezione in gres effetto pietra, ricca in formati e cromatismi dai contrasti decisi, per ambienti che accolgono superfici di straordinaria bellezza e ne indagano le possibili applicazioni, secondo una nuova idea di stile che racchiude un dècor elegante e sofisticato.

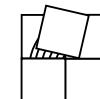

Versatilità e resistenza sono le due caratteristiche principali delle lastre 2.OUT che possono essere applicate facilmente in ogni contesto, residenziale o commerciale, con posa tradizionale, posa incollata, posa diretta su erba e ghiaia o posa sopraelevata su piedini insieme ad una ricca gamma di pezzi speciali a completamento. Le soluzioni 2.OUT sono perfettamente coordinate ai pavimenti in 10 e 6,5 mm, per creare ambienti esterni di grande impatto estetico che diventano la naturale estensione dei propri spazi indoor.

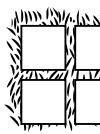

gres porcellanato con spessore 2 cm per riprogettare l'outdoor

Porcelain stoneware 2 cm thick for redesigning the outdoors
Grès céramique de 2 cm d'épaisseur pour redessiner l'extérieur
Feinsteinzeug in Stärke 2 cm zur Neugestaltung von Außenbereichen

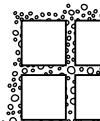

2.OUT

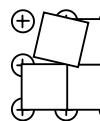

Posa tradizionale su massetto
Conventional installation on screed
Pose traditionnelle sur chape
Traditionelle Verlegung auf Estrich

Posa su erba
Installation on grass
Pose sur gazon
Verlegung auf Gras

Posa su sabbia o ghiaia
Installation on sand or gravel
Pose sur sable ou gravier
Verlegung auf Sand oder Kies

Posa sopraelevata su supporti
Raised installation on pedestals
Pose surélevée sur plots
Verlegung auf Stelzlagern

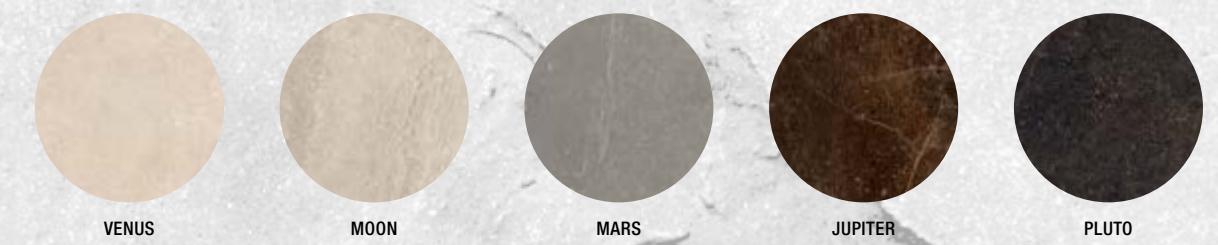

Versatility and strength are the two main characteristics of 2.OUT slabs, which can easily be applied in any residential or commercial context, installed by the conventional method, with adhesive, directly placed on grass and gravel, or as a raised paving on pedestals, together with a rich assortment of trims to complete the project. 2.OUT solutions are perfectly matched with the 10 and 6,5 mm floor tiles, to create outdoor design schemes with strong aesthetic impact, which become the natural extension of your indoor spaces.

La polyvalence et la résistance sont les deux principaux atouts des dalles 2.OUT qui s'appliquent facilement dans tous les contextes, résidentiels ou commerciaux, en pose traditionnelle, en pose collée, en pose directe sur gazon et sur gravier ou en pose surélevée sur plots, sans oublier la grande variété de pièces spéciales. Les solutions 2.OUT se coordonnent parfaitement aux carreaux de sol de 10 et 6,5 mm, de sorte à créer des cadres extérieurs de grand impact esthétique, qui deviennent le prolongement naturel des espaces intérieurs.

Vielseitigkeit und Widerstandsfähigkeit sind die beiden Hauptmerkmale der 2.OUT-Platten, die sich überall, sei es im Wohn- oder Gewerbebereich, einfach und problemlos einsetzen lassen. Sie können traditionell im Kleberbett, direkt auf Gras oder Kies oder aber auf Stelzlagern zusammen mit einer großen Auswahl an Formteilen, die das Sortiment abrunden, verlegt werden. Die 2.OUT-Lösungen sind perfekt auf die Bodenbeläge in 10 mm und 6,5 mm Stärke abgestimmt, um ästhetisch ansprechende Außenbereiche zu schaffen, die eine natürliche Erweiterung der Innenräume darstellen.
